IF YOU WOULD LIKE A RENEWAL
OF THIS PERMIT.

Public Reporting Burden

All baitfish permit holders are required to maintain a catch log and submit this log upon expiration of their permit. The information requested is used to evaluate the appropriateness of allowing unlimited baitfish permits in the FKNMS SPAs. The information is necessary for the effective management of FKNMS resources. Submittal of the information requested in these guidelines is required to obtain a permit pursuant to National Marine Sanctuary Regulations (15 CFR part 922). Applicants are requested to indicate any information that is considered proprietary business information. Such information is typically exempt from disclosure to anyone requesting information pursuant to the Freedom of Information Act (FOIA). NOAA will make all possible attempts to protect such proprietary information, consistent with all applicable FOIA exemptions in 5 U.S.C. 552(b). Typically exempt information includes trade secrets, commercial and financial information (5 U.S.C. 552 (b)(4)). Personal information affecting an individual's privacy will also be kept confidential consistent with 5 U.S.C. 552 (b)(6).

Public reporting burden for this collection of information is estimated to fifteen (15) minutes per response (application and log), including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Joanne Delaney, Research Interpreter, Florida Keys National Marine Sanctuary, P.O. Box 500368, Marathon, FL 33050.

Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.
